

EHolder (Universal Pipette Holder)

The EHolder is a universal pipette holder/clamp.

The rod is 4.0mm OD and is made of stainless steel with an aluminum clamp. The clamp has two slots, one for 1.0mm or 1.2mm O.D. capillary, and a second for 1.5mm O.D. capillary.

It is made to fit in the BR-AW or MP-CLIP. It is also shipped with a sleeve to fit the MP-ROD adapter that comes with many of our manipulators.

Supports various glass sizes
